Eligibility Questionnaire

Per 16.05.343, a nonprofit organization must fit specific eligibility criteria to participate in the program.

The mission of the Alaska Department of Fish and Game is to protect, maintain, and improve the fish, game, and aquatic plant resources of the state, and manage their use and development in the best interest of the economy and the well-being of the people of the state, consistent with the sustained yield principle. We aim to provide long-term opportunities for all people to use and enjoy Alaska's wildlife. Below, please provide the mission statement of your organization.

--

Please explain how your organization's mission and values align or differ from the department's mission.

--

By statute, your organization must promote education in outdoor traditions and conduct or support conservation and wildlife protection programs to be eligible for a permit. Below, please give specific examples of how your organization not only educates in outdoor traditions but also supports conservation and/or wildlife protection programs in Alaska.

Promotes education in outdoor traditions

Retained Funds and Reporting Requirements

Per AS 16.05.343(c), a nonprofit organization may retain up to 30% of proceeds from an auction or raffle. If your organization is selected, please describe how you would spend retained funds.

Did you receive a Governor's permit in 2025 for the 2026-2027 hunting season?		YES		NO
--	--	------------	--	-----------

If you checked "yes" above, please read and then fill out below.

Please list the total dollar value in funds you retained, and how those funds were spent by your organization. If you have a Newsletter or another document that already outlines this information in detail, please attach the document to your application and write "Attached" in this section.

For example- retained \$15,000: spent \$10,000 on range improvements and \$5,000 on wood bison restoration efforts.

By filling this box out, your organization satisfies the 13-month reporting requirement for retained funds from this program. If you have any photos of community work your organization did or special projects, please send them along so we can highlight your efforts!

Required Forms and Qualifying Conditions Checklist

Instructions: Please read through this form carefully and initial each of the requirements in the “Initials” column. Section 1 consists of forms that must be included as part of your application package to be considered. Section 2 contains qualifying conditions that must be acknowledged and agreed to for your application to be considered. If there is a reason you cannot initial, you are likely not eligible to receive a permit.

By initialing this form, the applicant acknowledges completion of all required forms and acceptance of all terms and conditions described in the Call for Applications. Failure to initial may result in rejection of the application.

Initials	SECTION 1- REQUIRED FORMS
	APPLICATION: <ul style="list-style-type: none"> ➤ Application must be filled out completely and returned in its entirety ➤ Application must be signed below and initialed in all boxes
	WRITTEN PROOF OF ALASKA NONPROFIT STATUS ATTACHED
Initials	SECTION 2- TERMS AND CONDITIONS
	Applicant is a nonprofit organization or chapter thereof, as defined by the Internal Revenue Code (Attach written proof of nonprofit status to the application).
	Applicant agrees that the auction or raffle will be conducted under terms and conditions that comply with all Alaska State laws. If the event is held outside of Alaska, the parties agree that Alaska law will control in the event of any dispute.
	Applicant will conduct the auction or raffle event prior to June 11 of the year in which the tag is valid. This allows our staff adequate time to prepare hunting licenses, permits, and locking tags, and mail them to the hunter.
	The applicant agrees that the auction or raffle will be conducted under standards of good faith and commercial reasonableness, and the applicant will make its best effort to obtain maximum return. The organization may opt to auction or raffle the permit at an in-person event, a live-streamed event, or another method in a manner accommodating similar public participation as in-person or live-streamed events.
	Applicant agrees that revenue generated by the Governor’s permit, a completed auction/raffle report form and, if administrative costs are deducted, an itemized administrative cost statement and associated receipts will be transferred to the Alaska Department of Fish and Game within 30 calendar days of the event or by June 11th, whichever comes first. Failure to submit payment to the department within 30 calendar days of the event may result in disqualification from next year’s Governor’s permit process and may result in your hunter not receiving their permit on time, which will not be at fault of the department.
	I acknowledge that the department cannot issue hunting permits to the winning bidder until department staff receive a signed report form and remittance payment from the nonprofit.
	When auctioning or raffling Governor’s permits, the nonprofit shall clearly indicate in all advertisements and to potential permit recipients that such permits are subject to all existing conditions required for the take of the species under 5 AAC 93.080. If unsure, the nonprofit shall reach out to department staff for guidance before advertising. However, the department is not responsible for the advertising or marketing of your awarded permit(s).
	By statute, to receive a Governor’s permit, your organization must support a state-based model (for game management) through a user-pays system based on sustained yield and use principles. By initialing, you agree that your organization supports this model and has taken no actions to exhibit otherwise against the department.
	Per department policy, a nonprofit organization may not receive a Governor’s permit if the nonprofit, or any of its Board members, are involved in an active lawsuit against the State of Alaska, Department of Fish and Game, the Commissioner of the department, or the Alaska Board of Game. By signing this, you agree that your organization is not in a lawsuit against any of the above entities.

CERTIFICATION-IMPORTANT-PLEASE READ BEFORE SIGNING- If this page is not signed and initialed, your application will be rejected.

I hereby certify that all the information I have entered on this application is true and complete to the best of my knowledge. I further understand that any false, incomplete, or incorrect statements may result in my application’s disqualification from the evaluation process.

Appendix A- Governor’s Permits Available for the 2027/2028 Hunt Season

Up to four permits per species may be issued in this program; however, availability varies annually. An organization may receive up to three permits, we anticipate most organizations will receive one or two permits with current interest. Based on demand for specific permits to enter certain programs, we are assigning some permits due to participant demand (i.e., a high value permit has not hit an auction in multiple years, and we’ve received calls about it). A check in a raffle or auction column means that ONE permit must go to the specified activity/event. This list is limited since the Governor’s permits must be available for non-residents as well. If your organization is interested in a specific resident-only permit, you may ask for it if it is not on this list. All the permits on this list are for residents and nonresidents.
